At your request, TRW Inspections is completing a property inspection conducted in accordance with the standards of practice of the state of Arizona, which are included in your report binder. The inspection has clearly defined limitations and is not a substitute for the Transfer Disclosure Statement, which the seller may be required to provide by civil code. The inspection is performed by a generalist in a matter of hours and does not include any warranties, as opposed to that by a specialist, which could take several days to complete and could include warranties. Therefore, please be aware of the following limitations of this service: It is not a code-compliance inspection and does not include any research, such as that necessary to establish boundaries, easements, and the issuance of permits or certificates of occupancy. It is not a specialized inspection, such as that conducted by geologists, engineers, environmental specialists, and termite inspectors, who evaluate soil conditions, determine differential settling or structural movement, test the quality of air and water, or detect the presence of pests or rodents, and harmful contaminants, such as radon, methane, asbestos, lead, formaldehyde, electro-magnetic radiation, molds and fungi, termites, and other wood-destroying organisms.

Similarly, in accordance with Arizona state standards, TRW Inspections does not evaluate or endorse any concealed areas or components, such as subterranean ducts, pipes, or conduits within walls, floors, or ceilings, obstructed switches and outlets, the slab beneath carpets, the interior of heat exchangers, air-conditioning coils and supply ducts, significant portions of chimney flues, and the waterproof membrane beneath roofs, balconies or shower pans. Also, we do not evaluate or endorse the following specific components: computerized systems, radio or remotely controlled components, central vacuum systems, alarm, telephone, cable, or intercom systems, private sewage systems, private water supply systems, water softeners, water circulating devices, water filtration or purification devices, automatic sprinklers, the hermetic seal of dual-glazed windows or skylights, solar systems, fire-sprinkler systems, shut-off valves that are not in daily use, elevators, saunas, steam showers, humidifiers, electronic air cleaners, in-line duct motors or dampers, washers, dryers, and their valves or drain pipes, condensate pumps, thermostats, timers, clocks, rotisseries, refrigerators, portable or free-standing appliances, retaining walls, landscaping or landscape items, including decorative and low-voltage lighting, portable spas, fountains and ponds, barbecues, fire-pits, pool sweep assemblies, in-line chlorinators, or similar devices dispensing bromine or ozone, and the coatings on pools, spas, countertops, fixtures, appliances, decks and walkways.

In addition, TRW Inspections does not tacitly endorse or guarantee the integrity of any structure or component that was built or installed without permit, and which could include latent defects, or any item that may have been subject to a manufacturer's recall. What TRW Inspections provides is a conscientious but essentially visual inspection, recommendations for appropriate specialist service, and any consultation that may be necessary. In

return, and in consideration of the fee, you are agreeing with your signature to abide by the terms and conditions of the contract and to the following specific stipulations that you must acknowledge with your initials, as follows:

I agree that TRW Inspections may report on suspicious stains or moisture damage, but that they are not licensed to inspect for mold or fungi.

Initials: _____

I agree that any recommendations that TRW Inspections may make for service, a second opinion, or permit research involving any component or condition should be completed and documented before the close of escrow, or that TRW Inspections will be held harmless for any subsequently alleged deficiencies.

Initials: _____

I agree to hold TRW Inspections harmless for any defects that are alleged. However, should a dispute arise related to the inspection and report, or the interpretation thereof, that I will only undertake emergency measures and will not alter, repair, replace, correct, or modify any disputed component or condition without first giving the representatives of TRW Inspections the right to re-inspect. Furthermore, I agree that I will first attempt to resolve any dispute informally. Should such an attempt fail, I agree to submit the dispute to binding arbitration under the rules and procedures of the Expedited Arbitration of Home Inspection Disputes of Construction Arbitration Services Incorporated, and that the decision of the appointed arbitrator shall be honored and binding on the parties and entered in any Court of competent jurisdiction.

Initials: _____

I agree that should I initiate either arbitration or a court action without first attempting mediation that I shall not be entitled to recover attorney's fees and costs that might otherwise be awarded to me through arbitration or a court action.

Initials: _____

I agree that if any portion of this contract is judged to be invalid or unenforceable by any court or arbitrator that the remaining terms and conditions shall remain in effect and binding between the parties.

Initials: _____

I understand that any components of the home that are off (pilot lights, utilities, water valves, etc.) will not be tested for function, only a visual inspection will be done.

Initials: _____
